SUBJECT: Coverage of International Communism

Reference: Proposed Plan for Intelligence Treatment of
International Communism

1. It is anticipated that the interdepartmental program for the study of the International Communist Movement will receive final IAC approval within the near future. In order that the ORIE portion of the plan may be put into operation, it is requested that each regional branch and the International Organizations Group submit the names of the representatives charged with carrying out branch responsibilities in the study of International Communism. These names should be forwarded to the Plans and Policy Staff not later than 25 April 1949.
